

# SAFER, FASTER, DURABLE FINGERS

The newest addition to the defeathering market. The Duram Janet picking finger combined with the patented Janet Plates and Mattco Hub leads to safer and faster finger replacement, making it the perfect solution for your processing needs.

## The Janet and Hub combination is:

- **Safer**- No knives or mechanical devices are needed to remove and replace worn or broken fingers, eliminating injuries and reducing repetitive strain on hands and wrists.
- **Faster**- Fingers can be quickly removed and replaced by manual adjustment.
- **Durable**- Our patented two plate design and no lock-in groove fingers reduces breakage and stabilizes the base of the finger, virtually eliminating damage for a longer lifespan.
