

CONSISTENT AND PRECISE TURKEY PICKING

Meyhen International is the proud distributor of Duram picking fingers, the most durable fingers available in the U.S. Our products are made from high quality materials and are designed to improve longevity and reduce costs, leading to better picking fingers and greater profit.

AVAILABLE IN
COMPOUNDS 60, 70, 90,
100 AND 110

BETTI

The Betti picking finger is flat and strong with great durability. Its thick neck and unique body design yields excellent picking results. The Betti is suitable for Patrini and Impianti machines and Hock pickers for turkeys.

SANDRA

The Sandra is a flat finger that is both strong and durable. It is slightly longer than the Betti and delivers outstanding results in paw cleaning machines for turkeys. The Sandra is suitable for Patrini and Impianti machines and Hock pickers for turkeys.

KOP

The KOP is a semi-oval shaped finger with a reinforced head for durability. Good for "yellow birds" and delicate jobs, the KOP fits Stork, Impianti and Meyn pickers.
